

1. TITLE OF THE CERTIFICATE (DE). (1).

Lehrabschlussprüfungszeugnis Gießereitechnik – Nichteisenmetallguss

⁽¹⁾ in original language

2. TRANSLATED TITLE OF THE CERTIFICATE (EN). (2).

Certificate of Apprenticeship "Foundry Technology specialising in Non-Iron Metal Casting" (f/m)

⁽²⁾ This translation has no legal status.

3. PROFILE OF SKILLS AND COMPETENCES.

- production of moulds and cores on the basis of different moulding processes
- casting of moulds and preparation of the casting process
- examination and preparation of patterns and maintenance of pattern equipment
- processing and application of mould and core coatings; assembly of moulds, insertion of cores and implementation of the last steps (cleaning, cramping, weighing down) for moulds
- setup, startup and operation of company-specific production plants
- emptying of moulds and implementation of measures to remove cores
- finishing of cast pieces such as by blasting, cleaning, polishing, deburring
- implementation of measures to remedy casting defects
- performance of material-specific cutting, module and feeder calculations
- preparation of drawings in line with casting conditions
- cooperation in the maintenance, care and servicing of company-specific machinery, apparatus and installations
- operation of die and/or gravity casting systems
- cooperation in melting, melt treatment and melt supervision of non-iron metal casting alloys
- implementation of special heat and subsequent treatment methods for non-iron metal casting
- implementation of production and quality assurance measures as well as analysis and assessment of casting defects
- performance of the work taking into consideration relevant safety regulations, standards, environmental and quality standards
- appropriate written and oral command of language and mode of expression as well as use of job-related foreign language

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE ⁽³⁾

Range of occupations:

Employment in small and medium-sized enterprises of the foundry trade and in large companies of the foundry industry.

Pursuit of regulated professions on a self-employed basis:

Qualifications pursuant to the 1994 *Gewerbeordnung* (Crafts, Trade and Industry Act): The crafts and trades regulated on the basis of the Crafts, Trade and Industry Act are subject to the provisions contained in the ordinances on the certificates of competence regarding the furnishing of certificates of competence for the self-employed exercising of a craft or trade. Final apprenticeship examinations that have been completed successfully shall replace, in particular, those parts of the master craftsperson examination which refer to subject-specific skills and knowledge related to the various crafts and trades.

⁽³⁾ if applicable

(*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. These explanatory notes refer to the Decision (EU) 2018/646 of the European Parliament and of the Council of 18 April 2018 on a common framework for the provision of better services for skills and qualifications (Europass).

More information on Europass is available at: http://europass.cedefop.eu or www.europass.at
