Pursuit of regulated professions on a self-employed basis: (for more information: www.gewerbeordnung.at)

Qualifications pursuant to the 1994 *Gewerbeordnung* (Crafts, Trade and Industry Act): For the professions which are regulated by the Crafts, Trade and Industry Act, the ordinances on certificates of competence specify the certificates of competence required for the self-employed exercising of a craft or trade (e.g. master craftsperson examination, complementary professional practice).

Successfully completed final apprenticeship examinations shall replace, in particular, those parts of the master craftsperson examination which refer to subject-specific skills and knowledge related to the various crafts and trades.

⁽³⁾ if applicable

(*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. These explanatory notes refer to the Decision (EU) 2018/646 of the European Parliament and of the Council of 18 April 2018 on a common framework for the provision of better services for skills and qualifications (Europass).

More information on Europass is available at: <http://europass.cedefop.europa.eu> or www.europass.at/

5. OFFICIAL BASIS OF THE CERTIFICATE	
Name and status of the body awarding the certificate Lehrlingsstelle der Wirtschaftskammer (Apprenticeship Office of the Economic Chamber; for the address, see certificate)	Name and status of the national/regional authority providing accreditation/recognition of the certificate Bundesministerium für Arbeit und Wirtschaft (Federal Ministry of Labour and Economy)
Level of the certificate (national or international) EQF/NQF 4 ISCED 35	Grading scale / Pass requirements Overall performance: Pass with Distinction Good Pass Pass Fail
Access to next level of education/training Access to the <i>Berufsreifeprüfung</i> (i.e. certificate providing university access for skilled workers), a master craftsperson course or a vocational college for people in employment. Access to courses at a <i>Fachhochschule</i> (i.e. university level study programme of at least three years' duration with vocational-technical orientation); additional examinations must be taken if the educational objective of the respective course requires it. More information on this topic may be obtained at the Austrian Federal Ministry of Labour and Economy.
Legal basis 1. Training Regulation and Examination Regulation for Painter and Coating Technician BGBl II (Federal Law Gazette) No. 181/2012 (company-based training) 2. Curriculum framework (education at the vocational school for apprentices) 3. The present apprenticeship trade replaces the apprenticeship trade Painter and Decorator (Training Regulation, BGBl. (Federal Law Gazette) No. 190/1971, as amended by Federal Law Gazette II No. 177/2005 and Examination Regulation, Federal Law Gazette No. 164/1975, as amended by Federal Law Gazette No. 355/1976), which expired as of 31.5.2012.	

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE
1. Training within the framework of the given Training Regulation for Painter and Coating Technician and of the curriculum of the vocational school for apprentices. Admission to the final apprenticeship examination upon completion of the apprenticeship period specified for the apprenticeship trade concerned. The final apprenticeship examination aims to establish whether the apprentice has acquired the skills and competences required for the respective apprenticeship trade and is able to carry out the activities particular to the learned trade herself/himself in an appropriate manner. 2. Admission to the final apprenticeship examination in accordance with Article 23 (5) of the <i>Berufsausbildungsgesetz</i> (Vocational Training Act). An applicant for an examination is entitled to sit the final apprenticeship examination without completing a formal apprenticeship if she/he has reached 18 years of age and is able to prove acquisition of the required skills and competences by means of a relevant practical or an on-the-job training activity of appropriate length, by attending relevant courses etc.
Additional information: Entry requirements: successful completion of 9 years of compulsory schooling Duration of training: 3 years Company-based training: Company-based training comprises $\frac{4}{5}$ of the total training duration. It aims to provide qualified job-specific skills and knowledge according to Article 3 of the Training Regulation, Federal Law Gazette II no. 181/2012. Education at part-time vocational school: School-based education comprises $\frac{1}{5}$ of the total training duration. Part-time vocational school has the tasks of imparting to apprentices the basic theoretical knowledge, supplementing their company-based training and widening their general education.
